**The Committee members received the notes of the REAL Working Party meeting on 14<sup>th</sup> June 2021 (*Annex B*).**

**P/5868**  
**STRATEGIC SITES**

A brief update report in respect of Beaumont Park had been received from NFDC's Monitoring Officer and circulated to Members prior to the meeting.

The Town Clerk had heard from Taylor Wimpey (TW) (SSI14 - Land north of Hightown Road) who indicated that updated information had been prepared on drainage, landscaping and open spaces, which they would be in a position to share soon. It was understood NFDC will be providing the Council with a briefing once discussions with TW are concluded, and this was expected towards the end of July. It was hoped that it would be before the August Committee meeting, so that Taylor Wimpey could attend to answer questions.

A discussion followed in respect of the order of events proposed and how to achieve the level of engagement desired. Some members wished to be a party to the discussions and directly involved in meetings between the planning authority and developers, sitting alongside NFDC and being able to influence at the earliest opportunity, rather than being updated following the discussions. Others felt that there was a good relationship with NFDC, the Council was consulted at the appropriate time and that it was unrealistic to expect Town Councillors to be included in private discussions.

**The Committee Members agreed:-**

- 1) That the update from NFDC's Monitoring Officer (*Annex C*) be noted;
- 2) That Taylor Wimpey be invited to the August meeting of this Committee, provided the briefing from NFDC is prior to that; and
- 3) That NFDC be requested to provide notes of the meetings with Taylor Wimpey in relation to development of SS14.

**P/5869**  
**A31 IMPROVEMENT SCHEME**

The works planned for Mansfield Road have been deferred until September and the works on the Bickerley have commenced. Members expressed concern that no update had been received from the project manager since the last meeting with Highways England, there had been no consultation regarding the proposed diversion route and there is no date yet for the Public Information Event, at which HE plan to share traffic management details.

Cycle parking in key town centre locations was included in the bid to Highways England for designated funds for town centre improvements. Two demountable cycle stands have been commissioned and one has been installed in Market Place and will be painted black to fit in with other street furniture. Following a site meeting, it was agreed that there was currently no suitable location in Market Place and other sites are being considered. Members were

disappointed with the design of the stand, however a majority agreed that it remain in place, for the time being.

**The Committee members present agreed:**

- 1) That the current position on A31 Improvement Scheme be noted;
- 2) That regular updates from Highways England be provided; and
- 3) That the cycle stand in the Market Place remain in position and the second stand be stored until a suitable location is found.

<b>ACTION Jo Hurd</b>
-----------------------

**P/5870**

**PROJECTS (current and proposed)**

Human Sundial – No date has been confirmed for the start of the works, however it is hoped this will commence early August.

Crow Stream – Dr Peter Street is organising volunteers to carry out the annual clearance during the first week of September. The Council will arrange the annual flail of hedges and banks in advance of this.

Footpaths – An update was provided by HCC and attached to the County Councillor's report, which was circulated prior to Full Council meeting (30<sup>th</sup> June 21). The grounds team have cleared the bridleway from the old railway bridge eastwards to join the existing surface, so that the path is accessible through the Summer. Developers contributions have been allocated to this section of the Castleman Trailway and the Crow Lane footpath and although no timescale has been given for this work, it is hoped to be next year.

**The Committee members present noted the update in respect of projects (*Annex D*).**

Number	Site Address	Proposal	Observation	Comments
21/10694	12 The Furlong, Ringwood. BH24 1AT	RE-CONSULTATION: Installation of new fascia signage, projection sign and menu board (Application for Advertisement Consent)	Refusal (4)	The Committee does not object to the protruding orange sign and the menu board. However, there is objection in principle to the illumination of the proposed signage as it is inappropriate in the Conservation Area. This includes the back lit Arboro Lounge lettering, the internally illuminated orange protruding sign and the 2 new wall lights, for which no details have been provided. The change of the glazed canopy to zinc is out of keeping with the character of the area and the other units in the Furlong Shopping Centre.
21/10770	42, Victoria Gardens, Ringwood. BH24 1FD	Porch; single-storey rear extension and alterations to garage	Refusal (2)	The Committee had no issue with regard to the proposed rear extension and the porch. There were concerns that the proposal for alterations to the garage would result in the loss of a parking space. This would exacerbate existing parking issues in the area and be contrary to Parking Standards.
21/10792	115, Eastfield Lane, Ringwood. BH24 1UW	New chalet dwelling and amend parking	Permission (1)	
21/10794	32, Pelican Mead, Hightown, Ringwood. BH24 3RH	Single-storey front extension; use of garage as ancillary living	Refusal (2)	The Committee was concerned with the loss of the garage and questioned whether this reduces the parking available to 2 spaces and the proposal is, therefore, contrary to Parking Standards for a 4-bed house.
21/10799	Twynham Farm, 53 North Poulner Road, Ringwood. BH24 1SW	Single-storey rear extension	Permission (1)

BH24 1SL	Roof alterations to include side & rear dormers in association with new first floor; Juliette balcony; front & rear extensions	Refusal (2)	The Committee had no objection to the proposal in principle, however, were concerned to ensure Parking Standards are complied with.
21/10850	Ringwood Church of England Infants School, School Lane Ringwood BH24 1LG	Replacement of 6 x number critical window sets (NFE064)	Permission (1)	
21/10851	10, Orchard Close, Ringwood. BH24 1LP	Single-storey unit comprising bedroom, bathroom and living room	Refusal (2)	The Committee were concerned that the proposal should be regarded as a new dwelling and treated as such. It requested NFDC Planning Officer consider this, particularly with regard to CIL contributions. In addition, there is no evidence that the proposal meets the required parking provision for a 4-bedroom property, in order to satisfy Parking Standards.
21/10872	5, Frobisher Close, Poulner, Ringwood. BH24 1UH	Single-storey side extension; internal alterations	Permission (1)	
21/10873	2, Middle Lane, Ringwood. BH24 1LE	Children's climbing frame in rear garden (Retrospective)	Refusal (2)	The Committee felt that the climbing frame was too large and too high and has resulted in overlooking of the neighbouring property. It is out of keeping with the area and street scene, and also considering its proximity of the Conservation Area.
21/10898	91, Northfield Road, Ringwood. BH24 1SR	Raise ridge height in association with new second floor	Permission (1)

21/00527	Byways, Hightown Hill, Ringwood. BH24 3HG	Dwelling; pool building; stable block; associated landscaping; demolition of existing outbuildings	Refusal (2)	The application appears to be contrary to Policy, as identified in the Planning Officer's report, in relation to floor space particularly. The Committee felt the proposal was overdevelopment of the plot in all regards. In respect of the stable block in that it appears to be a move towards commercialisation of equestrian use.

17/11358 – Phase 2/3, care home, business use, POS, landscaping;

17/11309 Reserved Matters– Phase 2, 113 dwellings.

18/11648 - Development of 20 dwellings comprised of semi-detached houses; terraces; 1 block of flats, bin & cycle store; detached garages; public open space, landscaping, internal access arrangement and ancillary infrastructure.

The highways contractor have completed the construction of the raised table in the entrance road of the main development. They have also snagged the roadways and kerbs in that section, laid the top dressing (road surface) and have opened up the pedestrian link between the Northern Western SANG and the Southern SANG, as they said they would. This gives the public a direct walking route from the North to the South of the development along the Western side of it.

The soft landscaping continues across the site, but is not completed yet.

The Planner met with the Developer, our Chief Planning Officer and our Open Spaces Officer to go through the remaining works and snags across the site to ensure that everyone had an update as to what was required to be carried out.

The construction of the younger children's play area adjoining the Phase 3 development continues with the play equipment and benches having been installed and the tiger mulch matting having been laid. There are further works to be carried out here before the Developer can apply for the required safety certificate.

The occupation of the affordable housing in the last phase of the development is nearly complete. There appeared to be only 2 flats and 1 house left to occupy when I last visited site. These are likely to be occupied shortly.
