POLICY & FINANCE COMMITTEE

Dear Member

17th March 2022

A meeting of the above Committee will be held on **Wednesday 23rd March 2022** at 7.00pm and your attendance is requested.

Mr C Wilkins
Town Clerk

The Council has decided that, for health and safety reasons, until the 25th May 2022 its meetings will mostly continue to take place in a virtual environment using Zoom technology only. For legal reasons, these meetings will lack the power to make decisions directly and will, instead, take the form of consultations between councillors and staff at which councillors will seek to agree their collective preference as to how staff should exercise the decision-making powers delegated to them. This meeting will be held via Zoom and the joining details are set out below.

The Council remains committed to transparency in its decision-making processes and members of the press or public who would like to participate or simply observe the meeting are welcome to join the meeting using the same joining details.

Here are the details needed to join the meeting:

REPORT TO POLICY & FINANCE COMMITTEE – 16th FEBRUARY 2022

BUDGETARY CONTROL Period 10 – April 2021 to January 2022

1. BACKGROUND

- 1.1 The purpose of this report is to provide Members with the budget monitoring report for the first ten months of the year 2021-22.
- 1.2 A summary income & expenditure comparison report is included at Appendix 1. This compares actual income and expenditure for the year to date, together with outstanding commitments, with both the original and the revised approved budgets for the year. Members should note that, in the revised budget, both planned expenditure and planned income have increased and the revised budget deficit, before planned transfers from reserves, is £33,266.
- 1.3 Planned transfers to reserves amount to £38,400 whilst scheduled transfers from reserves, in support of revenue expenditure, amount to £2,230. Additional transfers of £74,266 from reserves in support of new bids and growth activity in 2021/22 have also been approved, although some of this is unlikely to be required this year. A further £4,071 application of Covid Grant that was received in 2020/21 and held in reserves was also approved. The result of these transfers is that a net transfer to the General reserve of £8,901 is planned although this is subject to a range of factors discussed below.
- 1.4 It was previously reported that whilst some of the originally approved transfers from reserves will no longer be required, subsequent expenditure has been approved after the budget was agreed which will further reduce reserves by £24,101. As we approach year end, there are some significant variances against the planned budget, particularly with respect to those additional projects funded from reserves. A schedule of these significant variances is included below. An updated analysis of planned reserves movements including receipts for the year is included at Appendix 2.
- 1.5 Members have asked for more detailed reporting on income generated by the Council. Options are discussed in section 6, below.

2. INCOME & EXPENDITURE TO THE END OF JANUARY 2022

- 2.1 Expenditure to the end of January totalled £623,242. A credit balance on the tax and pensions control account, pending settlement of monies due to the Inland Revenue and Hampshire County Council adds a further £13,086 making expenditure to the end of December £636,328, or 72% of the revised budget. This represents an underspend to date against the revised budget, assuming linear spend, of approximately £50,324.
- 2.2 At the end of January, pay costs, including member allowances, totalled £383,522 against a revised budget of £467,330, or 82% of the gross annual budget. Projections based on spend to date and the current running rate indicate a reduced outturn of £461,005, an underspend of £6,325. However the annual pay award has yet to be settled and any increase on the provisional 1.75% already applied will reduce this underspend.
- 2.3 There has been a further small increase in expenditure on new bids and growth which now stands at £23,341 against a revised budget for the year of £70,717 as set out in section 3, below. It should be noted that whilst these projects have been carried forward into the revised budget, it is now unlikely that the budget will be fully expended in the current year. However, almost all of this expenditure is to be met from reserves and so any variance will have little effect on the budget outturn.

2.4 A further £41,471 was approved for addition to the budget since the budget was originally approved in January 2021. This was reduced by £3,420, to £38,051 in the revised budget due to lower than predicted costs for the Christmas tree. These additional schemes include projects that have slipped from the previous year and, with the exception of the additional funding for tree safety work, will have no impact on the revenue budget as they are all funded from reserves, grants or other sources. In addition, the football grounds development project has started to incur costs although no provision has yet been made in the current year budget. There has been no additional expenditure on these items in the last month and the spend to date remains at £37,235 as previously reported.

2.5 There are some significant budget variances which have emerged or are likely to materialise by year end. These include:

- Election expenses incurred in May of £1,731 which may be funded from the election reserve
- Additional utilities (energy) costs. These may add £3,000 to costs this year.
- Computer equipment and software costs have increased due to additional zoom licences and replacement firewall which will add £1,500.
- Plant and equipment maintenance costs have increased and additional work required may add £2,000 in the current year
- Pay costs as reported above may reduce by £6,000
- Tree Safety work, if it continues at the current rate, will underspend by £5,500.

Together these variances, should they all materialise, will reduce expenditure by £3,200.

2.6 Income that has been received and processed into the ledger stands at £758,688 including the precept. After allowing for unplanned income (CIL receipts, key deposits and a contribution from Southern Water) income against the revised budget stands at £217,621 which at 84.4% is very marginally ahead of budget at this point in the year. This is largely due to the better than expected receipts from the fireworks event as previously reported with Ringwood events returning a net surplus in the year of around £9,500, see section 4, below. Cemetery receipts too, have recovered and at the end of January stood at £41,893 which exceeds the revised budget of £40,945, and if this performance continues to year end will result in additional receipts of £9,000.

2.7 However, income from grounds maintenance and recreation continues to fall below expectations and there is likely to be an under-recovery of around £5,000 by year end. As previously reported there will be a loss of income because of the vacancy at the 1st floor of Greenways which may reduce income by as much as £6,000 by the year end.

2.8 Whilst income is currently very close to the revised budget, it seems probable that by year end overall income will exceed the revised budget expectations by some £3,500. Similarly, expenditure continues to track reasonably close to budget with two months of the year remaining when, timing differences and other factors are taken into account, but revised budget projections now suggest that a modest net underspend against the revised budget of around £3,200 is likely and, taken with the increased income, a net transfer to the General reserve of around £13,000 will be possible at year end.

3. NEW BIDS & CAPITAL 2021/22

3.1 The approved budget for the year included new bids for growth and capital expenditure of £77,750. This sum was reduced in the revised budget by £7,033 mainly because of revised forecasts on the Neighbourhood plan project. This will be funded from earmarked reserves and grants with around £5,700 being funded from the revenue budget. The individual projects include:

	Revised Budget £	Spend to December £
• Extra materials for paths maintenance	750	450
• Carvers Car Park	10,000	0
• Play Area Safety Surfacing	14,500	14,465
• Cemeteries Digital Records Management	5,467	5,467
• Columbarium	25,000	0
• Neighbourhood Plan	14,000	2,909
• Support for REAL working party	1,000	50

3.2 Spend to date totals £23,341 or 33% of the revised budget. It is now very unlikely that much of the remaining budgets will be spent in the current year.

4. RINGWOOD EVENTS - SUMMARY OF FINANCES 2021-22

4.1 Members have requested a breakdown of income and expenditure incurred by Ringwood Events. The income and expenditure recorded in the ledger during the current year is detailed below.

4.2 Income and expenditure by event:

Event	Income Generated	Expenditure	Surplus/ (-Deficit)
Christmas Lights Switch On	£4,645.00	£8,553.53	(-£3,908.53)
Fireworks	£22,353.47	£7,633.38	£14,720.09
Remembrance	£0.00	£123.11	(-£123.11)
Other	£0.00	£1,195.08	(-£1,195.08)
Total	£26,998.47	£17,505.10	£9,493.37

4.3 It should be noted that expenditure on the fireworks event is slightly understated because a deposit of £666.67 was paid in 2019/20 against the event planned in 2020 and this was carried forward to the current year.

4.4 It should further be noted that direct staff costs incurred in managing events are not recorded against events but are picked up in the Policy & Finance Committee allocated office costs. These costs amount to £7,937.79 for the year to date.

4.5 The net surplus on events for the year is therefore £1,555.58 (or £888.91 if pre-paid costs are taken into account. Members are requested to decide how much should be transferred to the events reserve at year end.

5. YEAR END PROJECTIONS & CONSIDERATIONS

- 5.1 The revised budget for the current year was approved at the December meeting and included a planned net contribution to the General Reserve of £6,321 after allowing for the costs of the Town Christmas tree. The variances reported above, whilst not certain, are predicted to reduce net spend by some £6,700 which will allow a transfer of £13,000 to the General Reserve.
- 5.2 However, there are some budget variances that Members may wish to retain in separate reserves to enable planned work to proceed in future years even though there is no provision in the planned forward budget.
- 5.3 The new bids and capital growth, listed above, are, for the most part, funded from earmarked reserves and grants and to the extent that there is an underspend, funds will remain in those reserves and be available should they be required to progress the projects. These projects do not, therefore, contribute to the net budget underspend.
- 5.4 Nevertheless, there are some projects which are funded from revenue and there are no current plans to carry forward the balance of any remaining funds to future years should they not be spent in the current year. These projects include:
- Additional Tree Safety work - additional budget of £4,500 approved in 2021/22, none yet spent.
 - Support for the REAL working party, budget of £1,000 approved, £50 spent. Note that a further bid for funding in 2022/23 of £1,000 has already been approved.
 - Neighbourhood Plan - £3,950 to be funded from revenue, not yet spent.
 - Additional Paths Maintenance, £750 approved, £450 spent.
 - Grants budget of £7,000, £4,100 spent.
 - Waste Bin replacement programme, original budget of £2,000, £104 spent.
- 5.5 Discussions will take place with budget managers to investigate the reasons for the underspends and whether these funds will still be required. This will be presented at the meeting and a decision is then required if any of these unspent funds are to be retained in earmarked reserves to fund expenditure in future years. Any such transfer to Earmarked Reserves will reduce the net transfer to the General reserve.

6. OPTIONS FOR IMPROVED INCOME REPORTING.

- 6.1 Members currently receive a schedule of expenditure transactions each month with the suite of financial reports. This is because, in part, members are required to authorise the spend albeit after the event. Detailed income reports, on the other hand, are not provided because there is no requirement for such income to be “authorised”.
- 6.2 The financial monitoring reports include a summary comparison of income and expenditure against budget with any significant variance from planned income or expenditure teased out and an explanation provided. Members should note that the information provided in these comparison reports differs from the monthly transaction reports in two key ways. Firstly, the transaction report simply lists those transactions that have been processed in the month with cash leaving the bank account. The budget comparison report on the other hand includes transactions that have been committed even though they may not have been actioned. Secondly, the budget comparison shows total income and expenditure for the year to date against the budget, although in the body of the covering report, some analysis of monthly performance is provided.

- 6.3 It is therefore inevitable that any income transaction listing will differ from the data provided in the budget comparison report.
- 6.4 However, there are facilities to report income transactions in Edge and an example of such a report, for January 2022, is included at Appendix 3. Note that the income reported differs from the growth in income for the month because the comparison report includes all invoices raised whilst this transaction report merely shows the cash received, some of which will have been included in earlier budget comparison reports.

7. CONCLUSION & RECOMMENDATIONS

- 7.1 Budget monitoring to the end of January indicates that the underlying income and expenditure is still tracking fairly close to budget but it is increasingly likely that there will be a modest net underspend by the year end.
- 7.2 It is **recommended** that: -
- 7.2.1 The budget monitoring position is noted.
 - 7.2.2 Members decide how much of the funds generated by Ringwood Events be transferred to the events reserve.
 - 7.2.3 Members decide the extent to which any unspent revenue budgets are reserved for use in future years.
 - 7.2.4 Members consider whether the additional income transaction report would be a useful addition to the monthly financial reports
 - 7.2.5 Members note the balances of Reserves.

REPORT TO POLICY & FINANCE COMMITTEE – 23rd MARCH 2022

APPLICATION OF CIL RECEIPTS

1. BACKGROUND

- 1.1 The Community Infrastructure Levy, CIL, is a mechanism by which property developers contribute to the costs of infrastructure required to service their developments. The CIL regulations state:
- “A local council must use CIL receipts passed to it to support the development of the local council’s area or any part of that area, by funding –
- a) The provision, improvement, replacement, operation or maintenance of infrastructure; or
 - b) Anything else that is concerned with addressing the demands that development places on an area. “
- 1.2 The levy is collected by the planning authority and a proportion is passed on to the Town Council. At the end of March 2021, the Town Council held a balance of £45,634.90. A formal decision is required in order to use CIL funds for any project.

2. CIL Receipts & Allocations 2021/22

- 2.1 During 2021/22, additional CIL receipts of £5,813.83 have been received to the end of February. The balance of CIL receipts therefore currently stands at £51,448.73.
- 2.2 No CIL receipts have been applied so far in the current year, however provision was made in the 2021/22 budget to use £8,000 of CIL receipts to fund development of a Columbarium. This project has not yet started.
- 2.3 There also remain outstanding commitments to complete work on projects which began in earlier years. These include the Human Sundial for which there remains an outstanding commitment of £1,827, (£7,076 less carnival grant received of £5,249) and improvements at Carvers Grounds for which £440 of the approved budget of £10,000 remains outstanding.
- 2.4 At their February meeting, RLOS agreed to use CIL monies to fund the provision of a new sign at the Bickerley at a cost of £1,200 although much of this is likely to be required in 2022/23.

3. FINANCIAL IMPLICATIONS

- 3.1 The balance of CIL funds is currently £51,449 of which approximately £3,467 is committed towards the completion of existing projects and a further £8,000 has been earmarked for the Columbarium project. There remains an uncommitted balance of £39,982.

4. RECOMMENDATION

It is **recommended** that:-

- 4.1 Members note the current balance of CIL funding.

POLICY & FINANCE COMMITTEE

23rd March 2022

Committee Terms of Reference

1. Introduction and reason for report

- 1.1 As part of the ongoing overhaul of the Council's governance documents, the terms of reference and delegated powers of the committees next fall to be considered. This committee can only make recommendations in this respect; the final decision must rest with the full Council.

2. Background, Options and Implications

- 2.1 The Council has three committees that have existed for many years. Each has terms of reference that have not been substantially altered for many years. In recent years, the Council's responsibilities have changed and the Council has adapted its ways of doing business. However, these changes are not reflected in the current terms of reference and the powers delegated to the committees at present are very limited - with the result that many routine matters have to be referred to this committee or the full Council for ratification (causing delay and repetition).
- 2.2 The fourth, Staffing, committee was formed relatively recently and has up to date terms of reference and delegated powers.
- 2.3 It is therefore timely to consider updating the terms of reference and delegated powers for the older committees. Copies of the existing documents and suggested drafts for replacements are attached to this report.
- 2.4 The terms of reference should accurately reflect the types of business that the relevant committee is intended to consider. In preparing the drafts suggested, the Town Clerk has removed obscure or redundant references, added some clarifications and moved some items to reflect changes in observed practice.
- 2.5 Delegated powers warrant particularly careful consideration since a prudent balance needs to be struck to ensure that business is dealt with efficiently and without needless delay or repetition but that financial controls, budget discipline and due accountability are protected.

3. Issues for decision and any recommendations

Members are invited to consider what recommendations to make to the Council regarding the alteration of the terms of reference and delegated powers of the Recreation, Leisure & Open Spaces Committee, the Planning, Town & Environment Committee and the Policy & Finance Committee.

For further information, contact:

Christopher Wilkins, Town Clerk
