MINUTES OF THE POLICY & FINANCE COMMITTEE

Held on Wednesday 23rd October 2024 at 7.00pm

| PRESENT: | Cllr Mary DeBoos (Chairman) Cllr Andy Briers Cllr Luke Dadford Cllr Philip Day Cllr Gareth DeBoos Cllr Rae Frederick Cllr Janet Georgiou (<i>from 7.20pm</i>) Cllr James Swyer Cllr Glenys Turner Cllr Becci Windsor |
|----------------|---|
| IN ATTENDANCE: | Chris Wilkins, Town Clerk Nicola Vodden, Office Manager Cllr Michael Thierry |

| ABSENT: | Cllr John Haywood |
|---------|---------------------|
| | Cllr Peter Kelleher |

F/6345 PUBLIC PARTICIPATION

There were no members of the public present.

F/6346 APOLOGIES FOR ABSENCE

Apologies for absence were received from ClIrs Haywood and Kelleher and the Finance Manager.

F/6347 DECLARATIONS OF INTEREST

There were none.

F/6348 MINUTES OF THE PREVIOUS MEETING

RESOLVED: That the minutes of the meeting held on 18th September 2024, having been circulated, be approved and signed by the Chairman as a correct record.

F/6349 FINANCIAL REPORTS

Members considered the financial reports presented as *Annex A*. It was agreed that the petty cash agenda item be removed in future as the information is detailed in the Imprest transaction report.

The balance and transfers report requested retrospective approval of the transfer of funds from the investment account and it was reported that the VIC float, which also features, but is no longer required, would be amalgamated into the office petty cash.

Page 1 of 5 Chairman's initials The budget monitoring report 2024 / 25 presented a bleak picture in terms of the projected demand on the General Reserve, due to the predicted budget shortfall at year end. This is mostly due to the decline in non-precept income; 1) loss in rental income from 92 Southampton Road, 2) decline in interest received on investments and 3) a decline in the demand for cemetery services. In respect of rental income, the position may improve, should it be decided to refurbish the property and re-let without delay and cemetery income may pick up, as demand is unpredictable.

The Town Clerk reported that the pay settlement for 2024/25 had been agreed and this is in line with the prediction which was built into this years' budget. It was not known what impact the imminent Autumn Budget and Spending Round 2024 would have, but should Employers' National Insurance Contributions increase, this would add unexpected pressure to the Council's pay budget.

He also reported that the Finance Manager had given notice of his intention to retire and recruitment to the role would proceed. Members could consider the way the committee operates and whether it remains the same. They were also asked to consider the reports presented, the detailed narrative provided and if changing the format in any way would assist them in understanding to financial information better. For example, should they be more focused on deviations from budget, flagging highest priorities, Councillors concerns, impact on strategic goals, risks and changes to risks.

It was highlighted that overall, the predicted shortfall for 2024 / 25 was over £37,000 and in the absence of cuts this will reduce the General Reserve to £216,000, which is lower than the amount considered prudent for this size of council. The Policy and Finance Committee budget had been reviewed and the only discretionary expenditure is 'grants', so the Committee may be faced with a decision with regard to the next round of the Grant Aid Scheme in March 2025 and the next years' grants budget, as an alternative to funding the budget deficit from reserves.

RESOLVED: 1) That the list of payments made from the Imprest Account for September be received and authorised;

2) That Cllr M DeBoos' verification and signing of bank reconciliations and statements for September be noted;

3) That the total amount of Petty Cash payments for September of £69.58 be noted;

4) That the Statement of Town Council Balances be received and Inter Account Transfers report be authorised;

5) That the Finance Manager's budgetary control report be received; and6) That the budget monitoring position be noted and balance of reserves be noted.

ACTION R Fitzgerald

F/6350 BUDGET REPORT

Members considered the Finance Managers report on the revised budget 2024/25 and draft Council and Committee budgets for 2025/26 (Annex B). The first draft budget for 2025/26 is in the early stage of preparations with the aim of achieving a balanced budget.

Cllr Georgiou joined the meeting at 7.20pm.

The Town Clerk explained that the General Reserve will take a hit this year due to the reported budget deficit expected. This is not sustainable and balancing of the budget for 2025/26 will be challenging. There are options to cut annual contributions to earmarked reserves, however this is not ideal as it may store up problems for the future. This has not been considered in detail at this stage. The Finance Manager had asked for an early steer of what Members considered to be an acceptable level of increase to Council Tax or a cap to which he could work towards, but they flagged a reluctance to do that in favour of setting realistic budgets for the year to avoid overspending.

Looking at the inflation assumptions on page 3 of the report, even small changes in pay inflation would have a significant effect (not so much the other areas). If inflation assumption is set too low, and it is higher the pay budget will overspend, but if the assumption is set higher, it is harder to balance the budget and there is more pressure on the Council Tax increase.

It was agreed that the impact of the Chancellor's Budget needs to be understood, particularly with regard Employer's NI contributions.

The Finance Manager had circulated the sandbox to Members so that they could assess the impact on the budget of changing variables. This includes detailed analyses of expenditure. Members were invited to contact the Finance Manager should they need directions on the use of the sandbox or further clarification of what expenditure is included under headings.

RESOLVED: 1) That the revised budget for 2024 / 25 be approved;

2) That the impact of the Budget be assessed and incorporated into the draft budget for 2025/26; and

3) That Members use the sandbox to assess the impact changes to the variable have on the budget and contact the Finance Manager accordingly, if any questions arise.

ACTION R Fitzgerald

F/6351 RESERVES POLICY

The Town Clerk presented the Reserves Policy (Annex C). In order to improve the budget position, highlighted earlier in the meeting, the annual contributions to earmarked reserves could be adjusted. There were risks associated with this but it might be that reducing amounts transferred to certain reserves would be less risky than others.

It was noted that £1,000 contribution to the Columbarium could be removed as this project was unlikely to be viable. Other than this, Members did not review the Policy at this meeting, as decisions will be interlinked with settling the budget, but they were asked to take time to assess levels of reserves and contributions to them more closely, and make suggestions where they thought these could be reduced.

RESOLVED: That Members look at options for reducing contributions to earmarked reserves to help with the budget deficit.

ACTION R Fitzgerald

F/6352 TREASURY MANAGEMENT

Members considered the Finance Manager's report. The strategy and policy remained substantially unchanged from previous years.

RECOMMENDED: That the Investment Strategy & Policy(Treasury Management) (*Annex D*) be endorsed.

ACTION R Fitzgerald / C Wilkins

F/6353 GRANT AWARD BY VEOLIA ENVIRONMENTAL TRUST

Members considered the Town Clerk's report (*Annex E*). He explained it would be a while before the funding agreement would be ready, but there will be a need to specify the name of the person who will in due course be signing it. Members were content not to see the funding agreement in advance of it being signed and to delegate signing of the documents to the Town Clerk, given that if there were any risks they would be highlighted.

RESOLVED: That approval of the terms and signing of the Funding Agreement for the Veolia Environmental Trust grant award be delegated to the Town Clerk.

ACTION C Wilkins

F/6354 MILLENNIUM CLOCK REPAIR

Members considered the Town Clerk's report (Annex F) and issues for decision therein. The initial recommendation to repair was agreed when the costs of repair were thought to be lower than now reported. However, quotes received since indicate a significant escalation of the costs and they were asked to consider the matter in light of this.

A wide range of views were expressed and consideration was given to the anticipated budget deficit which was discussed earlier in the meeting. The repair could be funded from the infrastructure and open spaces reserve, however there are many other items which this fund would need to provide for. It was also noted that the Council should be mindful when receiving gifts which would in the long run require maintenance and repairs, the cost of which would fall to the Council.

One option suggested was to set the time at 12 noon, however, even this would involve a significant fee when Members were keen to minimise expenditure. Given the current financial position, the cost involved could not be justified and it was agreed to take no action at this time.

RESOLVED: That no action be taken to repair the Millennium Clock at this time

F/6355 PROJECTS (current and proposed)

RESOLVED: That the update in respect of projects (*Annex G*) be noted.

F/6356 EXCLUSION OF THE PRESS AND PUBLIC

The Town Clerk explained that the next item required confidentiality as quotes had to be obtained for the various options being considered and some of this information was provided in confidence. To enable the report to be presented to Members he requested exclusion of the press and public. This was agreed.

RESOLVED: That, in accordance with section 1(2) of the Public Bodies (Admission to Page **4** of **5** Chairman's initials Meetings) Act 1960, the press and public be excluded because publicity would be prejudicial to the public interest by reason of the confidential nature of the business to be transacted.

F/6357 92 SOUTHAMPTON ROAD

Members considered the Town Clerk's options report (*Confidential Annex H*) in respect of 92, Southampton Road.

At a previous meeting, it had been reported that vacant possession had been obtained and, as this was unlikely to occur again for some time, this would be an opportunity to consider options for the property. A factual report was requested in terms of realistic costs and associated length of payback on the investment.

From the information obtained, the clear recommendation was to refurbish and re-let. In respect of the figures presented, Members requested that the Finance Manager confirm the costs of this option, particularly with regard to the inflationary aspects.

Thanks were extended to ClIrs G DeBoos and Frederick and officers for the work in creating the options document.

RESOLVED: 1) That Option 1 of the report be approved and 92, Southampton Road be refurbished and re-let without delay; and

2) That officers arrange for essential repairs and maintenance required to be undertaken and this be funded from the Buildings Reserve.

ACTION C Wilkins / R Fitzgerald

There being no further business, the Chairman closed the meeting at 8.09pm

Note: The text in the Action Boxes above does not form part of these minutes.

<u>REPORT TO POLICY & FINANCE COMMITTEE – 23rd OCTOBER 2024</u> <u>BUDGETARY CONTROL Quarter 2 – April to September 2024</u>

1. BACKGROUND

- 1.1 The purpose of this report is to provide Members with a budget monitoring report for the first half of the financial year 2024-25.
- 1.2 In January of this year, the Council approved a net budget of £643,525, including planned transfers to and from earmarked reserves. The expenditure budget includes £235,000 in respect of capital schemes and £6,040 in respect of equipment replacement. Of this, £87,407 will be funded from earmarked reserves and the balance from grants anticipated during the year. These projects will be monitored separately as the year progresses. The net budget of £643,525 is to be funded from Council Tax. Note however that there will be some additional expenditure resulting from slippage from 2023/24, that is not included in the approved budget, but this will be entirely funded from specific earmarked reserves held for this purpose.

£

1.3 The approved budget for 2024/25 may be summarised as follows:

| | L |
|--|-----------------|
| Revenue Expenditure | 924,243 |
| Capital Expenditure | 235,000 |
| Plus transfers to earmarked reserves | 45,100 |
| Less Revenue Income | -312,500 |
| Less Capital Income (grants) | -153,633 |
| Less transfers from earmarked reserves | <u>- 94,685</u> |
| Net budget requirement | 643,525 |
| Funded by: | |
| Council Tax | 643,525 |

- 1.4 A revised budget, based on performance to date and known changes, is being prepared. Early indications are that, without remedial action, there will be a budget deficit of around £40,000.
- 1.5 Reserves stood at £639,190 at the 1st of April including rent & key deposits. The revised plans will see a reduction of £130,890 before any additional receipts, or calls on reserves, are considered. Members should note, however, that additional receipts of £42,048 have been received or pledged to date and a further £14,000 in respect of CIL is anticipated in October. An updated schedule of planned and actual movements on reserves is included at Appendix 2. Note that there are several incomplete capital schemes from earlier years which may incur expenditure in the current year, but any such expenditure will be met from reserves.
- 1.6 A summary income & expenditure comparison report is included at Appendix 1. This compares actual income and expenditure for the new year to date, together with outstanding commitments, with the approved income and expenditure budgets for the year as described in 1.3 above. The net budget deficit reported, of £49,585 is the figure before transfers to and from reserves are taken into account.

2. INCOME & EXPENDITURE TO THE END OF SEPTEMBER 2024

- 2.1 Total income recorded to the end of September amounts to £891,534 but this includes £643,525 precept together with £41,666 in respect of CIL, grant income and other payments all of which have been taken to reserves, and £63,960 in respect of the football project which has been used to defray expendiure. Income recorded to date against the revenue budget therefore amounts to £139,383, or 44.6%% of the predicted figure for the year, which represents an under-recovery of £16,867 assuming a linear pattern. Note, this figure includes due and unpaid transactions, that is, invoices that have been raised but which have not yet been settled.
- 2.2 This under-recovery is almost entirely due to lower than predicted cemetery receipts which are some £10,500 below the anticipated figure half way through the year, and given a linear budget profile and the loss of rental income for 92 Southampton road has reduced income to date by around £5,000. If the trend on cemetery receipts continues and Southampton Road remains un-let, the income shortfall for the year will be around £33,000. Note that last year the cemetery income recovered somewhat in the last quarter of the year. All other variances are explained by timing differences and at this stage give no cause for concern.
- 2.3 Expenditure to the end of September totalled £673,211. A credit balance on the tax and pensions control account, pending settlement of monies due to the Inland Revenue and Hampshire County Council, adds a further £14,916 making expenditure to the end of September £658,295. Excluding capital expenditure in respect of the football project and equipment purchases funded from reserves reduces this to £451,940 which is 48.9% of the annual revenue budget. This is very small underspend is entirely explained by the delayed 2024/25 pay settlement.
- 2.4 The underspend amounts to around £10,200 and £11,000 of this is explained by reduced payroll costs pending settlement of the annual pay award on the assumption that the pay award will be at the level estimated when the budget was created. Other variances are due to timing differences There are however, some emerging budget pressures including required expenditure on vehicle and machinery maintenance which is expected to add around £4,500 to costs this year. Similarly, the vacancy of 92 Southampton Road will add to costs as we are now liable for utilities and rates in addition to property maintenance.
- 2.5 It now seems likely that a combination of reduced revenue receipts combined with unavoidable cost pressures will result in a budget shortfall of possibly as much as £40,000. Measures are being taken to reduce expenditure elsewhere to meet these pressures, but it remains likely that it will be necessary to call on the general reserve to meet the budget shortfall.

3. GROWTH & CAPITAL PROJECTS

3.1 The Council did not approve any new growth or capital items for 2024/25 but there are a few capital projects which were approved in earlier years which will incur expenditure in 2024/25. There is also a new scheme, the "Thriving Market Place" which is funded by grant money which has been received. All the expenditure incurred on these projects will be met from earmarked reserves and grants. The spend for the year to date is as follows:

| | | Budget | Spend to Sept. |
|---|--|------------|-----------------|
| • | Football Development Project | £235,000 | £202,662 |
| ٠ | Carvers Recreation Ground Improvements | £ 4,000 | £ 90 |
| • | Machinery/equipment purchase | £ 6,040 | £ 0 |
| • | Columbarium | £ 26,250 | £ 2,650 |
| • | Thriving Market Place | <u>£ 0</u> | <u>£ 10,000</u> |

P&F Agenda Report October 2024

Total £267,290 £215,402

3.2 Members should note that the approved budget for the football project for 2024/25 was approved in January before the outturn for 2023/24 was known. Whilst there is no overall change to the costs of the project, there has been some slippage and this will inevitably mean additional expenditure in 2024/25, all of which will be funded from grants or reserves held for this purpose. The projected spend in the current year will be revised in due course. It should also be noted that as we approach the end of the contract, some of the funding is being withheld and the Town Council is carrying a short term deficit of around £260,000 (plus VAT). Whilst the funding is expected to be received, this deficit reduces the Town Council balances held with the CCLA and hence interest earned.

4. **RESERVES & BALANCES**

- 4.1 At the end of 2023/24 the total balance on reserves was £619,621. A further £19,569 was held in the form of rent & key deposits on behalf of tenants, sports clubs and allotment holders. Total opening reserves were therefore £639,190. Predicted expenditure will reduce reserves by £158,248 (This includes the application of funds put aside to meet carried over expenditure from 2023/24).
- 4.2 Additional receipts totalling £69,206 are anticipated, of which £41,660 has been received to date. This includes an anticipated, but unconfirmed, additional CIL receipt of £14,000.
- 4.3 The preliminary budget outturn forecast suggests a budget shortfall of £37,626 which will have to be covered by the general Reserve and this is now expected to reduce to £216,831 by year end.
- 4.4 The revised schedule of reserves, together with planned movements for the year, is illustrated at Appendix 2. Note that the predicted closing balance of £555,235 assumes that the football project is substantially completed, that all of the funds held on behalf of the project are exhausted and that all of the outstanding funding that has been pledged has been received.

5. REVISED BUDGET 2024/25 & BUDGET 2025/26

5.1 A draft revised budget has been tabled separately along with a preliminary draft of next years budget. A copy of the budget model has been made available to members of this Committee so that various budget assumptions can be modelled along with the impact on the precept and council tax.

6. **RECOMMENDATIONS**

It is recommended that: -

- 6.1 The budget monitoring position is noted.
- 6.2 Members note the balances of Reserves.
- 6.3 Members give further consideration to the development of the 2025/26 budget.

POLICY & FINANCE COMMITTEE – 23rd OCTOBER 2024 REVISED BUDGET 2024/2025 & DRAFT BUDGET 2025/26

1. INTRODUCTION

- **1.1** The Town Council is required to approve an annual income and expenditure budget for the Town Council. The budget will be further developed over the next three months and a recommendation to Council on its overall budget and precept for 2025/26 will be made at the meeting of this committee in January 2025.
- **1.2** This preliminary draft budget has been initially derived from the current revenue budget with adjustments for known pressures and changes. Some modest assumptions have been made about likely inflation and changes to the Council tax base and these are set out below.
- **1.3** A revised draft revised budget for the current year is also included. This has been developed following discussions with budget managers on likely activity to year end together with analysis of spend to date as previously reported to this Committee. The draft budget 2025/26 & original and revised budgets 2024/25 are summarised at Appendix 1.
- 1.4 Individual Committee budgets have been drawn from this draft budget and will be submitted to each Committee during the next round of meetings. Feedback from those meetings will be considered for incorporation in further iterations of the budget and before the budget is finalised. This committee's own budget is discussed below and the detailed Policy & Finance revised budget 2024/25 and proposed budget 2025/26 is included at Appendix 2.

2. POLICY & FINANCE COMMITTEE BUDGET

- 2.1 The Town Council approved a net budget of £246,067 for this Committee for 2024/25. This covers a range of central establishment costs, democratic costs, grants, debt charges and other costs which do not fall under the other committees. The gross expenditure budget as originally approved, was £418,378 of which around 30% were employee costs. Income generated includes that from property and ground rental and investment income.
- 2.2 Expenditure in year has increased by £43,226 because of slippage of the Gateway costs from 2023/24. A provision was made in reserves for the estimated cost which was £34,897 leaving an increase in net expenditure of £8,329. There have been some modest budget savings in respect of CCTV and Christmas lights which have been offset by additional costs of legal fees incurred in respect of illegal encampments.
- **2.3** Income for the year is expected to reduce by £15,588. This is almost entirely due to the loss of rental income in respect of Southampton Road. Interest receipts may also reduce marginally because of reduced balances invested and the likelihood of reduced interest rates.
- **2.4** The increased expenditure and reduced income will increase the net budget for Policy and Finance for 2024/25 by £61,357. However, some £34,897 of this will be funded from earmarked reserves leaving a budget increase of £26,460 to be funded from the general reserve.
- **2.5** For 2025/26 expenditure is predicted to increase by 11,000, from the original 2024/25 budget. This increase is driven by inflation, £6,000 (given the inflation

assumptions described below), additional running costs of 92 Southampton Road and Gateway recharges of £2,500.

- **2.6** Income is predicted to fall by around £24,000 compared with the current year original budget. This is largely due to reduced interest on investments, £10,000 together with the reduced rental income.
- **2.7** The net effect of these budget proposals is an increase in this committee's budget of £33,860 or 13.8%.

3. REVISED TOWN COUNCIL BUDGET 2024-25

- **3.1** The revised budget has been developed to include revised projections to year end and known changes. Overall Income will increase by around £89,000 with the increase entirely due to additional projected receipts of £122,00 in connection with the football project. There are some significant income reductions, most notably cemetery receipts which are now predicted to reduce by some £19,000 and the loss of rent for 92 Southampton road which will reduce income by £11,000. Other income targets are broadly on target to achieve the original budget projections.
- **3.2** Expenditure is now expected to increase by £193,000. This increase is mainly due to the following:

| Additional Gateway costs carried over from 2023/24 | £45,000 |
|--|------------|
| Football project | £65,000 |
| Other Capital projects | £37,000 |
| Grounds Maintenance Equipment | £30,000 |
| Carvers Clubhouse additional grant funded exp. | £ 7,000 |
| Thriving Market Place, (Grant Funded) | £10,000 |
| All of this additional expanditure will be mot from earm | arkad rasa |

All of this additional expenditure will be met from earmarked reserves or additional grant income and does not impact the budget requirement. Current budget monitoring shows that other expenditure is broadly in line with the revised budget.

3.3 The original budget was balanced with no requirement to transfer funds from the general reserve to meet expenditure. However, the latest projections to year end suggest that there will now be a requirement to draw around £37,000 from the General Reserve to balance the budget.

4. DRAFT BUDGET 2025-26

- **4.1** As in previous years, the draft budget for next year has been created on an incremental basis using the current year as a starting point. However, the salary budgets have been created from scratch based on people in post at the beginning of September. It should be noted that the pay settlement for 2024/25 has yet to be agreed but a provision of 3.9% was made when setting the budget in January.
- **4.2** The draft budget has been further adjusted to take into account a number of known changes and budgets have been reduced where spend over the last few years has revealed opportunities to do so. This draft also includes capital expenditure of £218,000 and equipment replacement of £19,760 all of which will be funded from earmarked reserves or grants that have been pledged though not yet received.

- В
- **4.3** At present there is just one growth item that has been put forward for consideration. This for a subscription to Breakthrough Communications, a company that assists parish and town councils with communications and GDPR/FOI compliance at a cost of £1,164 per annum.
- **4.3** This first iteration of the proposed budget also includes some preliminary estimates of inflation. RPI has reduced to 2.7% for the year to September, down from 3.5% for the year to August. CPI has similarly reduced to 1.7% from 2.2%. There remains an element of catch up to be considered in that budget increases approved in previous years, particularly with respect to utilities, were below actual price increases. For the purposes of the Town Council budget, the initial following inflation assumptions have been adopted:

ASSUMPTIONS:

| Inflation | % |
|---|-------|
| - Pay | 2.0% |
| - Utilities | 1.5% |
| - Other Expenditure | 1.5% |
| - Non contractual expenditure | 0.0% |
| - Income | 2.5% |
| - Fixed expenditure (i.e. no inflation) | 0.0% |
| Council Tax Base increase | 0.50% |

Note that some income and expenditure budgets require individual inflation adjustments, due to individual contract terms and conditions.

4.4 The impact of inflation on costs and revenue is as follows. For every 1% increase in each inflation factor, the impact on the budget requirement in £ and Council Tax in % is as follows:

| | Budg | get requirement | Council Tax |
|---|--------------|-----------------|-------------|
| • | Pay | £5,985 | 0.9% |
| • | Utilities | £165 | <0.1% |
| • | Other Exp | £624 | 0.1% |
| • | Non Contract | £799 | 0.1% |
| • | Income | £544 | <0.1% |
| • | Tax Base | | 1.0% |

Note that whilst changes to the Council Tax Base will not alter the budget requirement, an increase of 1% will generate additional precept of £6,435, all other things being equal.

- **4.5** Proposed increases to prices for a range of Council services will be submitted to RLOS for approval. For the moment a 2.5% increase in revenue has been assumed for those income streams for which we are able to adjust the price.
- **4.6** Any increase in the Council Tax base will reduce the Council Tax levied on individual homes. The tax base for the new year will not be notified until December or January but there was an increase of 0.49% last year, following

0.18% the year before. A modest increase of 0.5% has been assumed for 2025/26 although it is possible that there might be a reduction rather than an increase.

- **4.7** The draft budget includes planned contributions to earmarked reserves. These contributions are set out in the reserves policy which has been submitted for discussion at this meeting. Work is continuing on revising the policy, particularly with respect to vehicles, plant and equipment, but for the purposes of this budget, it has been assumed that there will be no change to the annual planned contribution to reserves of £45,100.
- **4.8** The result of these assumptions, applied to the base budget as set out in Appendix 1 is that a Council Tax increase of 9.26% would be required to avoid any call on the General Reserve. A table of reserve movements covering both years, from April 2024 to March 2026 is included at Appendix 3.
- **4.9** Work will continue to identify savings to reduce this increase. Members should note that 1% on the Council tax is equivalent to £6,467 and each additional £1,000 on the precept will add 18.1p to the Band D equivalent Council tax.

5. **RECOMMENDATIONS**

In order to progress development of the budget for 2025/26 members are asked to:

- **5.1** consider the revised budget 2024/25 and draft budget for 2025/26 for this Committee (Appendix 2) and whether there are any further opportunities for budget savings.
- **5.2** approve the revised budget for 2024/25.
- **5.3** consider inflation and what inflation assumptions should be applied to the draft budget for 2025/26.
- **5.4** provide guidance on the use of general reserves to support the budget requirement and indicate a target Council Tax.

Reserves Policy

A description of the reserves maintained by Ringwood Town Council and how they will be managed

General principles guiding the management of reserves:

- 1. Annual budgets should make adequate provision for expected recurrent expenditure without recourse to reserves.
- 2. Significant expenditure of a non-recurrent or capital nature (whether planned or unplanned) should be met from either a suitable ear-marked provision that has been built up over time or a loan repayable over time, in order to spread the cost over an appropriate number of financial years, thus avoiding either unfair calls upon local council tax-payers in any one year or excessive fluctuations in the precept.
- 3. Receipts of a capital nature and/or for specific or restricted purposes should be treated in a manner that fully respects the Nolan principles of accountability and openness.
- 4. This document should be **consulted**
 - Before funds are transferred from or added to any reserve;
 - When an Annual Financial Risk Assessment is undertaken;
 - When an Annual Governance Statement and Accounting Statements are considered; and
 - When a Budget is being considered and before a Precept is agreed.
- 5. This document should be **reviewed**
 - Before an existing reserve is re-named, re-purposed, reduced to nil, closed or merged with another reserve;
 - Before a new reserve is created;
 - When a significant change in the financial risks facing the Council occurs; or
 - When a significant change in the Council's assets or plans occurs.

| Schedule of reserves | | | | | | | | |
|----------------------|------------------------------------|-------------------|------------------------|------------|--|--|--|--|
| Title | Proposed annual contribution | Balance 1/4/24 | Purpose(s)/Function(s) | Management | | | | |

| | | | Schedule of reserves | | | |
|---|------------------------------------|-------------------|--|--|--|--|
| Title | Proposed annual contribution | Balance 1/4/24 | Purpose(s)/Function(s) | Management | | |
| Ear-marked provisions and res | serves | | | | | |
| I.T. & Equipment Fund | £2,700 | £25,600 | To meet the cost of completely replacing/updating the computers, telephones and related equipment when obsolete or at the end of life. | The last major upgrade in FY 2019/20 cost £35,000, met from this reserve. New technology is expected to reduce this to £30,000. Annual contributions of £2,700 to bring the reserve back to this level by 2026 | | |
| Gateway Fund | £O | £25,000 | To meet expected future demands for contributions towards the costs of major repairs or capital works to The Gateway council offices building. Original contribution to building costs was £300,000. Our contribution to major repairs or capital works is not expected to exceed £25,000 | We will maintain the Gateway Fund at £25,000. Further contributions to this fund have been suspended. | | |
| Burial Grounds Fund | £1,000 | £26,033 | To meet expected future capital costs of either extending or improving the cemetery owned and managed by the Council or of maintenance works to memorials there or to the closed churchyard for which the Council is liable. The Council is expected to provide further cemetery capacity once the existing cemetery is full. | This fund is expected to be completely applied towards the Columbarium project Thereafter contributions of £1,000pa to build and maintain reserve of £10,000 | | |
| Elections Fund | £5,000 | £0 | To meet expected future demands for contributions towards the costs of elections to membership of the council (both predictable and non-predictable) (not currently expected to exceed £20,000) | Annual contributions of £5,000 from FY 2024-25 to achieve a target balance of £20,000 in an election year | | |
| Vehicle & Machinery Fund (currently under review | £20,000 | £33,883 | To meet the cost (currently estimated at £240,000 in total) of replacing each vehicle or large item of machinery used by the Council's Grounds Maintenance Staff every 10 years. | We will monitor funds against projected investment to achieve a consistent call on the revenue account. | | |

| | Schedule of reserves | | | | | |
|--|------------------------------------|---|---|---|--|--|
| Title | Proposed annual contribution | Balance 1/4/24 | Purpose(s)/Function(s) | Management | | |
| Play Equipment Fund | £6,900 | £15,616 | To meet the cost of replacing/updating or conducting major repairs to children's play equipment on the various sites owned or managed by the Council according to a cyclical programme of prioritised works commissioned every 3 years (currently estimated at £40,000 per cycle) | We plan to make annual contributions of £6,900 to achieve a total of £40,000 by FY 2027/28. | | |
| Carvers Clubhouse Equipment Fund | £1,000 | £6,682 | To meet the capital costs of any equipment purchases, replacements or enhancements. | Annual contribution of £1,000 from 2024/25 | | |
| incurred by the Council in organizing put Ringwood. 2. To provide a fund for the awarding of gra | | To act as a contingency fund against possible losses incurred by the Council in organizing public events in Ringwood. To provide a fund for the awarding of grants to other organisations to cover costs of putting on events in | Surpluses generated by events will be transferred into this fund. Deficits incurred by events will be met from this fund. | | | |
| | | | Ringwood. | Grants or donations from other organisations into this fund will be accepted. | | |
| Buildings Reserve | £5,500 | £64,502 | To act as a sinking fund to cover costs of major building repairs (for which the Council is liable) at Greenways, Carvers Clubhouse or 92 Southampton Road (not currently expected to exceed £75,000) | We will transfer £5,500 each year into this fund to achieve a total of £75,000 by FY 2030-31, at which point contributions will be reconsidered and possibly suspended until funds are applied. | | |
| Carvers Recreation Ground Fund | | £2,480 | To Develop a masterplan for the entire site | We plan to draw these funds in 2023-24 and 2024-25 for the development of the strategic plan. Contributions in later years will be assessed in light of development plans yet to be agreed. | | |
| Carvers Sheds Feasibility | | £3,075 | To fund the "feasibility study" for redeveloping the sheds as a hub for the grounds team | As above. | | |

| | Schedule of reserves | | | | | |
|---------------------------------------|------------------------------------|-------------------|--|--|--|--|
| Title | Proposed annual contribution | Balance 1/4/24 | Purpose(s)/Function(s) | Management | | |
| Infrastructure & Open Spaces Fund | £3,000 | £17,370 | To meet the costs of: replacement of or major repairs to infrastructure (benches, bus-shelters boardwalks, notice-boards, etc.); or major tree works or other environmental works or enhancements not covered by annual budgets. | We will transfer £3,000 unless and until the fund total reaches £24,000 at which point contributions will be reconsidered and possibly suspended until funds are applied. | | |
| Neighbourhood Plan | | £3,383 | This fund was created to preserve an unspent balance on the revenue account, for which the planned spend will occur in subsequent years. | This fund is expected to be fully applied by FY2024-25 | | |
| Open Space Security Measures | | £1,406 | This fund was created during 2023/24 with a transfer of £1,500 from the general fund. | This is a fund available to urgently protect sites and prevent unauthorised encampments | | |
| Football development Project | | £23,959 | This fund was created during 2022/23 to hold grants, developer's contributions and other funds held on behalf of the football development project at Long Lane | This fund will be fully exhausted by the football development project, expected to complete in 2025-26 | | |
| Budget Underspends for use in 2024/25 | | £35,225 | This reserve was created to allow a limited number of specific budget underspends to be available for use in the following year. | The reserve will be fully exhausted during 2024-25 | | |
| | | Сар | ital reserves | | | |
| Developer Contributions | | £14,765 | Contributions received towards the cost of facilities and infrastructure pursuant to planning obligations entered into under section 106 Town & County Planning Act 1990. A further contribution of £10,000 was received in 2023/24 in respect of Crow Stream flood prevention | Officers will bring forward proposals for making use of these funds when suitable opportunities become apparent. | | |
| Cemetery Maintenance | | £500 | A commuted sum received by way of contribution to the costs of maintaining burial grounds in the town. | A sum of £230 will be drawn down each year by way of such contribution until it is exhausted (in or about 2026-27) | | |

| | | | Schedule of reserves | U |
|-------------------------------|------------------------------------|-------------------|---|--|
| Title | Proposed annual contribution | Balance 1/4/24 | Purpose(s)/Function(s) | Management |
| Community Infrastructure Levy | | £29,030 | The Town Council's share of CIL receipts collected by NFDC and remitted half-yearly. | Councillors will make proposals for use of these funds for decision by the Council (or a committee under relevant delegated powers). |
| Capital Receipts | | £18,942 | Proceeds from past sales of Council-owned assets (currently standing at £18,942). It is proposed that the balance of this reserve be transferred to the vehicle replacement fund | Officers will bring forward proposals for making use of these funds by purchase of suitable assets when appropriate needs become apparent. |
| Grants Unapplied | | £4,540 | Unused balances from grants received currently standing at £4,540 with a further £31,385 anticipated in 2024-25 | Miscellaneous grants held in this fund until applied to defray expenditure. |
| Loans Unapplied | | £0 | A temporary holding fund for loans received but not used | If and when loan monies are received in future they will be transferred into this fund to the extent that they have not been spent for the required purpose at the relevant FY end and transferred out when they are so spent. |
| | | Gen | eral reserve | |
| General reserve | | £254,457 | Default recipient of funds under-spent from annual budgets. Default source of funds for over-spends on annual budgets. Provision against all risks and contingencies not covered by an ear-marked or capital reserve. er Balance Sheet Reserves | When agreeing annual budgets and setting precepts or when adjusting reserve balances in year we will aim to ensure that the expected balance of the general reserve at the financial year end will be roughly equivalent to 50% of the precept set for that year. |

~

| Schedule of reserves | | | | |
|--|--|------------------------|--|--|
| ProposedBalanceTitleannual1/4/24contribution | | Purpose(s)/Function(s) | Management | |
| Rent and allotments deposits | | £19,569 | This reserve is a device to account for rent, ground condition and key deposits held on behalf of tenants and other key holders. The funds are not available to the Council as they represent a deferred liability. | Any deposits received or repaid during the year will be transferred to or from this reserve. |

Adopted: xx 2024

REPORT TO POLICY & FINANCE COMMITTEE – 23rd OCTOBER 2024 RINGWOOD TOWN COUNCIL TREASURY MANAGEMENT

1. BACKGROUND

- 1.1 The Town Council has a treasury management policy which was last updated in November 2023. The policy governs the way in which Council funds are managed.
- 1.2 The cash balances held by the Council at the end of March 2024 amounted to £699,967 and with the first instalment of the precept later in April, cash balances increased to around £885,000. Whilst this is below the peak achieved in 2023/24 as a result of the football project, cash balances remain reasonably healthy.
- 1.3 A working balance of between £50,000 and £100,000 is maintained in the main imprest account with a further target of £50,000 held in an interest bearing instant access business account, but the bulk of funds which are not immediately required are currently invested with the CCLA.
- 1.4 The Treasury Management policy has been in place for just over 5 years and this report summarises the performance in that time and makes recommendations for some amendments to the Treasury Management Policy.

2. INVESTMENTS WITH THE CCLA

- 2.1 The CCLA was created in 1987 following the introduction of financial services regulation, although the organisation can trace its origins back to 1958. It is one of the largest UK charity fund managers and manages funds solely for Churches, Charities and Local Authorities. Authorised and regulated by the Financial Conduct Authority, the CCLA currently manages funds in excess of £13.9 billion
- 2.2 The Town Council began investing funds with the CCLA at the end of 2018/19. In that year, funds had generated interest payments of £1,508. In the first full year using the CCLA facility, interest receipts of £3,353 were generated.
- 2.3 Interest rates have increased from historically very low levels and the CCLA continues to provide a return on investment at levels that the banks will not match. Interest generated in 2023/24 increased to £42,714, up from £17,280 in the previous year and just £427 in the year before that. However, with recent reductions in cash balances and the predicted reduction in interest rates, the prediction for the current year is that interest receipts will drop to £23,000.
- 2.4 Interest on funds held in the business instant access account with Lloyds Bank is very modest by comparison and amounted to £447 in 2023/24.
- 2.5 As a fund manager, rather than a bank, the CCLA is a more secure investment option than any single financial organisation. Any funds that are invested through the CCLA in the deposit fund are held on the investor's behalf by the constituent banks and in the unlikely event that anything causes the CCLA to go into liquidation or otherwise cease operating, the investments remain secure.
- 2.6 It was previously noted that the CCLA have an additional facility, the Local Authority Property Fund, in which funds are invested for growth in the longer term. The LAPF may offer a higher, if riskier, return on investment. However, consideration of such a scheme is only permitted by the treasury management policy if tied to a wider investment strategy in pursuit of specific planned future capital projects.
- 2.7 The LAPF is not recommended at this time but ,whilst it is outside the parameters of the current treasury management policy, it may be a useful facility in future to help grow funds for a specific purpose.

D

3. Treasury Management Policy Statement

- 3.1 The current treasury management policy statement was approved in 2021 and updated in 2022 to allow the RFO delegated authority to transfer funds of up to £100,000 between accounts. This was to allow for payments on the football development project which may require settlement before approval to move necessary funds could be sought from this committee. This delegated authority is to be reviewed on completion of the project.
- 3.2 No further changes to the treasury management policy statement are being proposed at this time.

4. **RECOMMENDATION**

It is recommended that:-

4.1 Members endorse the Treasury Management Policy.

POLICY & FINANCE COMMITTEE

23rd October 2024

Grant Award by Veolia Environmental Trust

1. Introduction and reason for report

At the meeting of this committee on 19th June members resolved that the Council would act as "contributing third party" if a bid for grant support made to Veolia Environmental Trust proved successful (See minute ref. F/6320.) The bid was successful and award of the grant is to be confirmed by way of a "funding agreement" which will need to be signed on behalf of the council.

2. Background information and options

Officers are required to provide (via an online portal) particulars to enable the funding agreement described above to be generated for signature. Among these particulars are details of the "authorised signatory" who will sign on behalf of the council. The agreement can also be expected to include terms relating to how the funds awarded are released and to be used, reporting and monitoring arrangements and other matters.

- 3. Issues for decision and any recommendations
 - 3.1 Are members content to delegate to the Town Clerk authority to sign the Funding Agreement on behalf of the Council?
 - 3.2 Do members wish to see a full copy of the Funding Agreement (or receive a fuller report on its principal terms) before it is signed or are you content to delegate approval of the agreement terms to the Town Clerk as well?

For further information, contact:

Christopher Wilkins, Town Clerk Direct Dial: 01425 484720 Email: chris.wilkins@ringwood.gov.uk

POLICY & FINANCE COMMITTEE

23rd October 2024

Millennium Clock

1. Introduction and reason for report

At the Recreation, Leisure & Open Spaces Committee meeting on 4th September members resolved that "an immediate repair of the Millennium Click be commissioned up to the value of $\pounds750 + VAT$ and that this be funded from the infrastructure reserve". (See Report F to that meeting and minute ref. OS/6392.) Officers have since learned that the cost may significantly exceed the agreed limit and seek further guidance about this work and its funding.

2. Background information and options

- 2.1 In accordance with Financial Regulations, officers applied to three suitable contractors to quote for the work. The responses are summarized below (VAT is excluded and the potential contractors have been anonymized for reasons of commercial confidentiality):
 - 2.1.1 Contractor A has quoted a site visit fee of £680 plus the cost of any parts required. In the worst-case scenario the cost including parts could be as much as £1,530). This contractor is willing to negotiate a maintenance contract at a fixed annual cost (to be determined) if engaged to undertake the current repair. To avoid wasting a site visit and the corresponding fee, it would seem prudent to allow for this worst case if Contractor A is preferred.
 - 2.1.2 Contractor B advises that repair is uneconomic and is only willing to quote to replace the entire mechanisms. Two options are offered:
 - 2.1.2.1 Option 1 replace both synchronous drive motors for both faces and commission, for £1,985; or
 - 2.2.2.2 Option 2 as above but with fully automated system which resets for daylight saving time, power cuts etc, for £2,940.

This contractor further advises that the new movement would be guaranteed for 3 years and have an expected lifespan of 25 years. Furthermore, "the system quoted is a fully sealed maintenance free system and requires no annual servicing or maintenance tasks".

- 2.1.3 Contractor C failed to respond.
- 2.2 The advice and proposals from Contractor A and Contractor B are so different from each other that officers are struggling to identify a fair basis for comparison. We could invite further contractors to quote but that might only add to the confusion. Alternatively, we could seek independent advice but that would undoubtedly cost and still leave the clock requiring repair or replacement.

3. Issues for decision and any recommendations

- 3.1 Should one of the quotations be accepted and if so, which and on what terms?
- 3.2 If a quotation is to be accepted should the cost be funded from the Infrastructure Reserve or some other source?

For further information, contact:

Christopher Wilkins, Town Clerk Direct Dial: 01425 484720 Email: chris.wilkins@ringwood.gov.uk
