Note 1 Rights may be bought by one or more people up to a maximum of four. Notice of an interment and any application for approval of a memorial must be signed by all current rights owners. Provided there is enough space in the plot, however, the remains of a registered owner may be interred whether all other rights owners agree or not. Note 2 Coffin burial plots will accommodate two coffin burials (provided the first takes place at 8 feet in depth) and as many interments of cremated remains as can be arranged without disturbance of previous interments. Ashes plots will accommodate only one interment of a casket containing cremated remains but up to two pourings of cremated remains can also be permitted.

Note 3 Consecrated ground is subject to the faculty jurisdiction of the Diocese of Winchester and some fees may be larger than those for unconsecrated ground as a result. It is not appropriate to inter persons not of the Christian faith in consecrated ground.

Note 4 The current table of cemetery fees is published on the Council's website www.ringwood.gov.uk. Provided at least one buyer lives in the civil parish of Ringwood, the fee will be calculated at the "parishioner" rate. Contact the Council Office for confirmation of the precise fee payable.
