RECREATION, LEISURE & OPEN SPACES COMMITTEE

Dear Member

27th September 2018

A meeting of the above Committee will be held in the Forest Suite at Ringwood Gateway on **Wednesday 3rd October 2018** at 7.00pm* or at the conclusion of the public participation session and your attendance is requested.

Mr C Wilkins
Town Clerk

PUBLIC PARTICIPATION:

*If required, the meeting will be preceded by a public participation period of up to 10 minutes at 7.00pm. Members of the public are also entitled to speak, during the meeting, on agenda items.

RECORDING (AUDIO AND/OR VIDEO) OF COUNCIL MEETINGS AND USE OF SOCIAL MEDIA

During this meeting the public are allowed to record the Committee and officers from the front of the public seating area only, providing it does not disrupt the meeting. Any items in the Exempt Part of an agenda cannot be recorded and no recording device is to be left behind. If another member of the public objects to being recorded, the person(s) recording must stop doing so until that member of the public has finished speaking. The use of social media is permitted, but all members of the public are requested to switch their mobile devices to silent for the duration of the meeting.

MOBILE PHONES

Members and the public are reminded that the use of mobile phones (other than on silent) is prohibited at Town Council and Committee meetings.

AGENDA

1. APOLOGIES FOR ABSENCE

2. DECLARATIONS OF INTEREST

3. MINUTES OF THE PREVIOUS MEETING

To approve as a correct record the minutes of the meeting held on 6th September 2017

4. CARVERS CLUBHOUSE

- i) To receive the Manager's monthly report (*Report A*)
- ii) To consider what works to recommend or directions to give officers regarding possible improvements at Carvers Recreation Ground (*Report B*)

5. EVENTS MANAGEMENT

To receive report on upcoming events

6. CHRISTMAS ILLUMINATIONS

To consider the report in respect of re-tendering of the contract for Christmas Illuminations (*Report C*)

7. GROUNDS MAINTENANCE WORK PROGRAMME

To consider the recommendation of the Staffing Committee that the Committee include a standing item on the agenda, for one of its meetings, to review the work programme of the grounds maintenance department and require the attendance of the Grounds Foreman (*Report D*)

8. LONG LANE SPORTS DEVELOPMENT AND FOOTBALL CLUB WORKING PARTY

To receive the notes of the Long Lane Sports Development and Football Club Working Party meeting on 10th September 2018 and consider approving the recommendations therein (*Report E*)

9. PROJECTS

To receive an update on projects (*Report F*)

10. EXCLUSION OF THE PRESS AND PUBLIC

To consider exclusion of the press and public from the meeting, in accordance with the Public Bodies (Admission to Meetings) Act 1960, section 1(2), to transact business for which publicity would be prejudicial to the public interest by reason of its confidential nature (employment matter)

11. THE ROLE OF MANAGER OF CARVERS

To consider the report on the role of Manager at Carvers (*Confidential Report G*)

If you would like further information on any of the agenda items, please contact Chris Wilkins, Town Clerk on (01425) 484720 or email chris.wilkins@ringwood.gov.uk.

RECREATION, LEISURE AND OPEN SPACES COMMITTEE

3 October 2018

Report from Manager, Carvers Clubhouse

It is my pleasure to present my report from Carvers Clubhouse which covers September 2018.

1. Bookings and Activities

The table below summarises the usage of the Centre and activities which have been hosted at Carvers. *(For information, fees are waived for charities without access to funding for room hire and groups which do not require sole use of a room – those who are happy to use the main room whilst we are open for the café for example. All of these bookings have provided services for children and young people or those that support them).*

	April	May	June	July	August	September	October	November
Fee paying (hours)	14	14	13	170	68	4		
No charge (hours)	11	15	26	39	57	15		
Cancelled (hours)	2				2	2		
TOTAL hours	25	29	39	209	125	19		

September has been a challenging month for centre hire. Two of our regular groups have not returned due to their own internal issues and one regular paid class due to lack of numbers attending. The after school football group is not able to return until next summer as they have moved to an alternative site with flood lighting for winter, which is a shame as the site would lend itself so well to sporting activities.

We have several regular bookings in the pipeline including:

- The health visiting team are looking into the feasibility of running a weekly clinic from the centre on a Wednesday morning.
- 'Its Your Choice' will run an appointment based advice and information service on alternative Fridays
- A monthly community yoga class for free on a Saturday for families and young people
- A support group for young people (at a confidential time)
- A weekly Zumba class on a Tuesday

2. Branding and marketing

We will continue to prioritise our marketing and promotion to get the message out about what we do, that we are available to hire for private use and to run services and activities for children and young people and to use the café.

A

- The work to be undertaken in the Play Area will provide us with an opportunity to host a 'grand-re-opening' type event
- We plan to open all day over October Half Term and will run Halloween based craft activities and decorations
- We are in discussion with the police to look at running an event such as bike marking on a Saturday or half term
- We will be open on Bonfire Night and the team will be serving a specially designed menu
- We plan to have a presence at the Christmas Lights Switch on Event to raise awareness of what we do
- We are designing some leaflets/postcards to be used at events and handed out to the community
- Developing plans for an event leading up to Christmas and activities during December

I am seeking some volunteers to run a weekly parent group on a Monday morning, which otherwise is a quiet day in Ringwood.

We have an order in place for new signage for the Play Area which will start to build on our branding within the Recreation Ground.

3. Café

The Café has also been quiet during September. We have updated the menu for Autumn and will adapt our opening hours.

4. Red Box Project

The Red Box Project is a community project set up to tackle period poverty and provide period products to any young women who need them. There is a new project in Ringwood and we have agreed to keep a box of products at Carvers for anyone who requests it.

5. Anti-social behaviour

We continue to work closely with the police particularly the PSCO team through regular meetings to update on events/activities at Carvers.

RECREATION, LEISURE & OPEN SPACES COMMITTEE**3rd October 2018****Improvements at Carvers Recreation Ground****1. Introduction and reason why decision required**

- 1.1 This report presents an update on developments and seeks guidance from members on further options. It follows the decisions made by this committee at its June meeting (see minute ref. OS/5785).

2. Background information, options, impact assessment and risks

- 2.1 The total budget is £10,000. The approved new fencing for the play area has been ordered (at a cost of £4,300) and will be installed when the play equipment replacement/overhaul work is complete, hopefully before bonfire night. £5,700 therefore remains formally uncommitted at present.
- 2.2 Members approved in principle the extension of hard surfacing to connect the permeable access-way to the skate park but expressed a preference for a permeable, concrete surface. Officers have obtained a quote for this work; £3,115 plus VAT. That seems rather higher than was expected and members are invited to re-consider before additional quotes are obtained and an order placed.
- 2.3 Officers have also considered the possibility of improving the surface under and around the picnic tables. "Tiger mulch" (bonded shredded rubber) would be ideal being attractive, hard-wearing, safe and low-maintenance. However, the one quote obtained to date came in at £7,448 which seems prohibitively expensive.
- 2.4 A further option would be to re-shape the ground in the play area to create a level path route from the play equipment and seating to the gate on the path leading to the Clubhouse. This would improve visibility of the Clubhouse from the play area, facilitate easy access and address a ground erosion problem that is developing in the gateway (see photo). A quote of £1,524 plus VAT has been obtained. Our own staff could do it instead at an estimated cost (including staff time at normal charging rates) of £1,059.
- 2.5 The Manager is researching options and costs for improving the signage. Members are invited to contribute any other ideas or suggestions for possible improvements.

3. Issues for decision and any recommendations

What works to recommend or directions to give officers regarding possible improvements at Carvers.

RECREATION, LEISURE & OPEN SPACES COMMITTEE**3rd October 2018****Christmas Illuminations****1. Introduction and reason why decision required**

- 1.1 This is the final year of a five-year contract for the storage, maintenance, setting-up and taking-down of our Christmas Illuminations. This contract therefore needs to be re-tendered for Christmas 2019 and beyond.
- 1.2 We own most of the decorations but they are now so old that every year more of them either need repairing or pass beyond economic repair.

2. Background information, options, impact assessment and risks

- 2.1 The base cost of the current contract, which covers storage, testing, installation and removal of the decorations, is about £8,000 a year (assuming there is only one tree, which we buy separately at additional cost). Repairing the decorations and the catenary wires, brackets, etc. currently costs an extra £2,100 or so a year. The decorations appear in our Asset Register with a purchase date of 2005 and a book value (i.e. historic cost) of £8,607.
- 2.2 Councils normally enter into this kind of contract for multi-year terms because this offers better value for money than proceeding one year at a time. The Public Contracts Regulations 2015 will apply to a new contract if, as seems likely, the total cost for the multi-year term plus purchase or hire of new decorations exceeds £25,000. We will therefore need to prepare an Invitation to Tender (ITT) document and advertise it, including publication on the Contracts Finder website. The ITT must specify what we want, either in reasonably precise terms (with the outcome then depending largely on price), or in more general terms but specifying a budget (with the outcome then depending largely on design).
- 2.3 We can either rent or buy the new decorations. Renting has several advantages; the cost is spread evenly throughout the rental term, the decorations can be changed (refreshing the display) at known intervals and the other party bears any maintenance costs (rendering the costs more fully predictable). However, experience to date suggests that buying would be cheaper overall. (This follows for two reasons. First, we can fund the capital cost more cheaply than most other parties. Secondly, the decorations usually remain serviceable for more than the agreed rental period; with maintenance costs tending to grow to uneconomic levels only when they are significantly older).
- 2.4 Composing the required contract specification therefore involves both design and financing choices. Consulting the local business community about these choices is impracticable in the absence of a Chamber of Commerce. Similar difficulties stand in the way of consulting local residents. We must make some critical choices about future financing before we agree the budget and precept for 2019-20 at the January Council meeting.
- 2.5 A possible design is attached as Annex 1. If selected this would cost about £17,095 a year on a three-year rental deal (i.e. £51,285 over the three years) or £27,669 in 2019-20 and £10,214 in each of the next two years if we buy the decorations instead (i.e. £48,097 over the same period – plus any maintenance costs that arise).
- 2.6 The immediate issue for members is how to manage the procurement process (including determining the specification and other terms of the ITT). Members may leave this to officers. In that case, the design/decorations will be (broadly) of the kind shown in Annex 1, the decorations will probably be bought not rented, recommendations for the budget provisions will follow accordingly and officers will manage the process without troubling members further. If members would

C

prefer a different outcome or simply wish to be more involved in the choice of design/decorations and/or financing arrangements then it will be necessary to establish a task and finish group to consider and advise upon the relevant choices and oversee the process through to awarding of the new contract.

3. Recommendations

Members are respectfully invited to consider the following recommendations (as always, members are free to propose and approve amendments or alternatives of their own devising but in this instance practical options are limited):

Note: The text in square brackets should be omitted if members are unable or unwilling to form the task and finish group and must therefore leave the matter to officers.

RECOMMENDED to Policy & Finance Committee:

- 3.1 ***That the contract for the supply and servicing of the town's Christmas illuminations be re-tendered as soon as practicable for a three-year term commencing in 2019;***
- 3.2 ***That power be delegated to the Town Clerk to manage the procurement process (including settling the design, specification and financing arrangements, composing the Invitation to Tender and overseeing the awarding of the contract)[in conjunction with the task and finish group described below***
- 3.3 ***That a Christmas Illuminations Task & Finish Group comprising Cllrs. (insert names of at least three councillors here) be formed for the purpose of advising and assisting the Town Clerk in all aspects of the procurement process.]***

RECREATION, LEISURE & OPEN SPACES COMMITTEE**3rd October 2018****Grounds maintenance work programme****1. Introduction and reason why decision required**

- 1.1 The Staffing Committee has recommended that this committee consider including as an annual standing item on the agenda for one of its meetings, the review of the work programme of the grounds maintenance department and requiring that the Grounds Foreman attend that meeting.

2. Background information, options, impact assessment and risks

- 2.1 Members of the Staffing Committee expressed a desire to involve the Grounds Foreman more fully in the planning of the work of the grounds maintenance team. They also felt that some members would be likely to welcome an opportunity to be more closely involved in that process and to hear directly from the Grounds Foreman about the impact of member decisions on priorities for this work and the level of resourcing such decisions require.
- 2.2 The Staffing Committee acknowledged that the issues raised fall within this committee's terms of reference and decisions about them are for this committee's members to take. An annual standing item on a meeting agenda is a possible way forward but others exist. It would be a relatively modest innovation that would not require too great a commitment of the Grounds Foreman's time. However, there is no point in doing even that without a clear purpose or aim in mind.
- 2.3 Attempts have been made in the past to devise a written programme of work for the grounds team and/or to adopt management plans for specific sites. These have not been conspicuously successful. Annual programmes of work risk being either so specific and prescriptive that they become unworkable in practice (as a result of staff sickness, unexpected or severe weather, vehicle or equipment breakdowns, etc.) or so vague as to be worthless. Site management plans written primarily with conservation or ecological concerns in mind can be difficult to implement and keep up to date given this council's lack of such technical expertise in-house and may bear little relation anyway to the everyday duties and capacities of the grounds team.
- 2.4 If members are content to leave the planning and execution of the grounds team's duties to the Grounds Foreman under the supervision of the Town Clerk, as now, then there may be no need to act on this suggestion at all. If, however, members feel that an important need is unmet at present (be it for members periodically to take stock and re-define priorities, or for members to hear directly from the Grounds Foreman about his work, or something else) then it would seem sensible to begin by trying to be as clear as possible about what that need is. Proceeding straight to consideration of a possible way of addressing it risks creating "a solution in search of a problem".

3. Recommendations

Members are respectfully invited to consider the following suggested decision (as always, members are free to propose and approve amendments or alternatives of their own devising):

RESOLVED

- 3.1 *That, until further notice, the agenda for the meeting of this committee in November each year shall include an item enabling members to review the***

D

work programme of the Council's grounds maintenance staff and give directions about priorities for such work; and

- 3.2** *The Grounds Foreman will be required to attend the meetings of this committee at which that agenda item will be considered.*

Long Lane Sports Development and Football Club Working Party

Notes of meeting held on Monday 10th September 2018 at 6:15pm in the First Floor Meeting Room, Ringwood Gateway, The Furlong, Ringwood. BH24 1AT

Present: Cllr Andy Briers, Chairman Chris Wilkins, Town Clerk
Cllr Darren Loose
Cllr Tony Ring
Cllr Angela Wiseman

1. Apologies for absence

There were none.

2. Declarations of interest

It was noted that Cllr Briers is an allotment holder at Long Lane, Cllr Wiseman lives in Long Lane and Cllr Loose is involved with the football club, therefore, each have a non-pecuniary interest in the matters to be discussed.

3. To agree notes of last meeting held on 12th July 2018

The notes were agreed as a true record.

4. To receive a verbal report from the Town Clerk and consider relations with Ringwood Town Football Club

The Town Clerk relayed concerns that had been expressed to him privately by a couple of councillors about the improvement proposals and the role of the football club. He explained that there appeared to be general agreement about the use of developer contributions and other Town Council resources to improve the facilities at Long Lane. Clearly this cannot be achieved without involving the football club. The concern therefore appears to be about ensuring that wider public interests are adequately protected throughout. The Town Clerk explained that, without expressing any view on the merits or reasonableness of these concerns he felt they had to be addressed in some way otherwise the Council risks putting significant time and effort into a project that is wasted if the project is vetoed by members at a later date.

The report was considered by members and the following views were expressed:

- ¿ The football club is, reasonably enough, focussed on the needs of football and in that limited sense “has an agenda” that is not precisely the same as this Council’s but that does not make it an unsuitable partner in the planning and implementation of the development proposal;
- ¿ There are significant uncertainties about the planning policy context and their implications for the proposals rendering it essential that full account is taken of these risks and constraints;
- ¿ Local residents and others are likely to have concerns regarding the development (e.g. about possible light pollution from flood-lighting, noise from greater use of hired function/conference facilities, increased traffic and parking requirements, etc) and it should be made clear to the club that this Council is bound to have regard to these;
- ¿ The Council is keen to promote sports and recreational activity other than football; not only should the proposals include provision for these but, if practicable, other clubs or associations should be enabled to participate in the planning and implementation;

E

- ¿ It may be desirable to seek agreement that the Council is represented on the main board or equivalent senior decision-making or oversight body of whatever organisation eventually emerges as the manager of the enhanced facilities;
- ¿ This working party should oversee the negotiation of a Memorandum of Understanding between the Council and the football club and then be dissolved.

5. To consider whether and how to pursue the proposed development of facilities (Report A)

In light of the discussion under the preceding agenda item the Working Party unanimously

RECOMMENDED:

5.1 That the Council seek to negotiate with Ringwood Town Football Club a Memorandum of Understanding with regard to the development of the sports facilities at Long Lane to include (in addition to general provisions recommended by the Town Clerk):

- a. Arrangements for a joint working party to oversee the project;
- b. Provision for contingency planning to take account of planning risks and constraints;
- c. A statement of the Council's position regarding concerns raised or likely to be raised by local residents and others;
- d. Provision concerning facilities for sports and recreational activities other than football;
- e. Scope for other suitable clubs or organisations to participate in the planning and implementation of the proposals; and
- f. Provision for the Council to be represented on the main board or equivalent senior decision-making or oversight body of whatever organisation eventually emerges as the manager of the enhanced facilities.

5.2 That this working party remain in being to oversee the negotiation of that Memorandum.

ACTION C Wilkins

6. Date of next meeting

Monday 29th October 2018, 4pm in the First Floor Meeting Room at Ringwood Gateway.

Management and oversight of proposed development

1. Introduction and reason why decision required

- 1.1 Now that the feasibility study has been concluded a recommendation is needed from this working party on how matters should be taken forward.

2. Background information, options, impact assessment and risks

- 2.1 Members should first consider whether the feasibility study forms a sound basis for realizing the Council's strategic aims. The policy document approved last year is therefore re-circulated with this report for reference. Any reservations on this point need to be resolved before proceeding further. Does the policy document need up-dating or amending to reflect present circumstances (including the contents of the feasibility study)? If so, in what respects?
- 2.2 If members agree that the facilities at Long Lane should be improved now, some degree of co-operation between the Council and the Football Club will be essential and the issue is only about the future basis of it. It could be wholly informal; that is, left to rest entirely on goodwill and trust with nothing put in writing. Given the relatively large sums of public money and large amount of Council officer time required, that seems unwise. Conversely, a legally-binding agreement would be difficult and expensive to establish (especially given the many uncertainties about the project at this early stage in it).
- 2.3 The middle way would be to seek to agree a written "memorandum of understanding". This could set out clearly each party's aims and expectations (especially their expectations of each other) in as much (or little) detail as is desired or found to be practicable. Although this document would not be legally binding, it would carry considerable moral force especially if the parties clearly express the degree of reliance they are placing upon it. Not being a legal document, it could be written in plain English and be kept clear and simple to understand. If members favour seeking such a document, they should be clear about it is important to include in it.
- 2.4 Such a Memorandum of Understanding could set out the arrangements for the joint working party previously discussed, potentially obviating the need for further deliberations by this working party (which could be then be dissolved, leaving the Recreation, Leisure & Open Spaces Committee to finalize the Memorandum of Understanding and establish the new joint working party).

3 Issues for decision and any recommendations

Are members content to recommend to the Recreation, Leisure and Open Spaces Committee that matters proceed subject to the negotiation of a Memorandum of Understanding with Ringwood Town Football Club which provides, amongst other things, for the establishment of the new joint Working Party to oversee matter from now on?

[RECOMMENDATION, if YES:

- 1) That the Council seek to negotiate with Ringwood Town Football Club a Memorandum of Understanding with regard to the development of the sports facilities at Long Lane to include:***
- a. Arrangements for a joint working party to oversee the project;***

E

b. [List here every other important issue members wish to specify]

LLWP-REPORT A

2) That this working party [be dissolved forthwith][remain in being to oversee the negotiation of that Memorandum] (delete one alternative).

RECOMMENDATION, if NO:

(Specify here the action or actions which members recommend that officers or the committee should take.)
